

UROLOGY ASSOCIATES OF FREDERICKSBURG

Dear Sir,

Our practice specializes in providing care and education to men who suffer from erectile dysfunction (ED) and bladder control problems (stress urinary incontinence) – common conditions often caused by diabetes, prostate cancer, or cardiovascular disease.

ED can limit your intimacy, affect your self-esteem, and impact your most important relationships. **Bladder control problems** can limit your activities; keep you homebound, in costly, messy pads, dealing with the frustration and embarrassment, and the constant fear of leaking and odor.

The good news is that nearly every case is treatable today. You don't have to simply live with these problems; **you can fix them for good**. We specialize in surgical treatment options that may provide a permanent, satisfying solution.

You are invited to attend an informative, free event to learn more:

**** FREE MEN'S HEALTH SEMINAR ****
Effective Treatments for ED & Stress Urinary Incontinence

MONDAY, OCTOBER 29, 2012
Registration: 6:00 p.m. • Seminar: 6:30 p.m.

Fredericksburg Expo & Conference Center
2371 Carl D. Silver Parkway
Fredericksburg, VA 22401

RSVP at 1-877-433-2873 – Space is limited so call today.

Your spouse or partner is also welcome to attend. We will be presenting information about the conditions and treatment options, and there will also be remarks from a previous patient so you can hear about his experience first-hand.

Helping to restore these conditions is one of the most rewarding parts of our practice because it has such a profound effect on a man's dignity and self-esteem. If these issues are a concern to you, we encourage you to attend this event and learn more.

Sincerely,

The Physicians of Urology Associates of Fredericksburg
